MODULE	ID	ECTS	SEMESTER
Access network technologies	NT_A_03	3	Autumn

ID:	NT_A_03			ECTS
Disciplinary field:	Networks and Telecommunications			3
Module:	Access network technologies			
Semester:	<i>Autumn</i>			
Teaching hours:	6h	8h	12h	
	Lectures	Tutorial classes	Practical work	
Teaching type:	<input type="checkbox"/> English-only		<input checked="" type="checkbox"/> French-English	

- Objective(s):
 - Understand principal architectures of local loop (electrical, optical, wireless).
- Skill(s):
 - Analyse local loop technologies.
 - Know local loop deployment scenario.
 - Deploy and maintain local loops.
 - Setup access network equipment.
- Prerequisite(s):
 - Principles and architecture of networks.
 - Digital transmission chain.
 - Networks Operators Technologies.
- Remark(s):
 -
